NOTICE

Each year, 1st December is observed as World AIDS Day in order to raise awareness and to unite people worldwide in the fight against the global health issue of acquired immunodeficiency syndrome. World Health Organisation (WHO) acknowledges "World AIDS Day". Division, Disparity and Disregard for human rights are among the failures that allowed HIV to become and remain a global health crisis. UNAIDS is appealing to all of us to confront the injustices that are impeding the fight to eradicate AIDS.
