Question No.1 is compulsory and you must choose any one topic from Question No. 2.

1. Read the passage carefully and answer the questions that follow:

In today's fast-moving world, technology has become an inseparable part of human life. From communication to education, technology has transformed the way people live and work. Earlier, people had to travel long distances to share information or meet others, but now a message can be sent across the world in seconds. This development has made life more convenient and efficient.

However, the increasing dependence on technology has also created certain challenges. Many people spend long hours on mobile phones and computers, which often reduces face-to-face communication. As a result, personal relationships sometimes suffer. Moreover, excessive use of digital devices can lead to health problems such as eye strain, lack of sleep, and reduced physical activity.

Despite these concerns, technology continues to offer many opportunities. Online education platforms allow students to learn from anywhere in the world. Digital libraries provide access to countless books and research materials. If technology is used wisely and responsibly, it can become a powerful tool for personal growth and social development.

Therefore, it is important for individuals to maintain a balance. While technology can improve efficiency and provide valuable resources, people should also make time for real-life interactions, outdoor activities, and personal well-being.

Questions

1. Why has technology become an inseparable part of human life?
2. How has communication changed because of technology?
3. Mention two challenges created by excessive use of technology.
4. What health problems can arise from too much use of digital devices?
5. How do online education platforms benefit students?

6. What does the passage suggest about using technology responsibly?
7. Find a word from the passage that means "dependence."
8. Give a suitable title for the passage.

2. Choose any *one* topic.

- a. Duties and responsibilities of a Lawyer
- b. Suitability of Legal Career for Women
- c. Right to privacy in the digital era
- d. Judicial Activism an overview
- e. Women empowerment and Law
- f. Right to education in India
